Officials of the Kunkel Cruise-In presented the Muscular Dystrophy Association with a check in the amount of \$10,000 for research to find a cure for this debilitating disease. This year was the tenth anniversary for the Kunkel Cruise-In, held in memory of Dave Kunkel, a vice president of Ford Meter Box who died after his battle with ALS, also known as Lou Gehrig's Disease.

Many Ford Meter Box current and retired employees play an active role in making the Kunkel Cruise-In a successful fund-raising car show. Classic automobiles, trucks and motorcycles come from all over the country to take part in the event, and Ford Meter Box is proud to be a part of this worthy cause.
