

## Ford® Plant Solutions

Ford Meter Box understands plant work projects differ greatly from water distribution projects. Plant design and construction work can last many years and is often intricate in detail with little room for error. That's why we have a dedicated team to assist through the entire project from pre-bid to completion.

Ford Meter Box has outstanding solutions for all your Treatment Plant and Mechanical Product needs! Our experienced team is available to help provide solutions and support throughout your entire project. From competent and talented welders to professional and conscientious staff, you will find unmatched quality and service. We have over 30 years' experience in fabricating a wide variety of products used in the treatment plant industry.

With Ford Meter Box, you'll find:

- ★ Accuracy and flexibility
- ★ Adaptability to project needs
- ★ Availability of materials
- ★ Application of product knowledge
