Ford Micro Test Bench

The Micro Test Bench is designed for onsite field diagnostic testing to quickly analyze meter accuracy or can be used as a temporary meter service. The meter test box is for intermediate flow tests for residential meters up to 1" without removing the meter, or to determine if the meter should be removed from service for full AWWA M6 testing. The kit includes a durable locking case, wheels for easy transport, calibrated meter, inlet pressure gauge, inlet valve, outlet valve, and hose adapters.

For more information on this product, contact Ford Meter Box® Customer Service at 260-563-3171 or online at www.fordmeterbox.com
