

H-20 Rated Lids

Product Release

08/2025

Rated for Success

Our new lids carry an H-20 load rating for up to 40,000 pounds! These lids are perfect for road or driveway installations. Designed for coil pit setters, they are available in sizes 15" and 18" with an optional bracket for ERT devices.

Features:

- H20 traffic load rating (40,000 pounds). Tested per AASHTO M-306 methods.
- Locking lid made from reinforced composite polymer
- Excellent strength along with weather and UV resistance
- Offers same locking mechanism as existing coil pit lids (pentagon bolt with wormlock)
- Easily interchangeable with existing coil pit lids
- Optional bracket for AMR/AMS transmission devices located on underside of lid
- Low AMR signal interference characteristics
