

Ford PVCO Product Guide

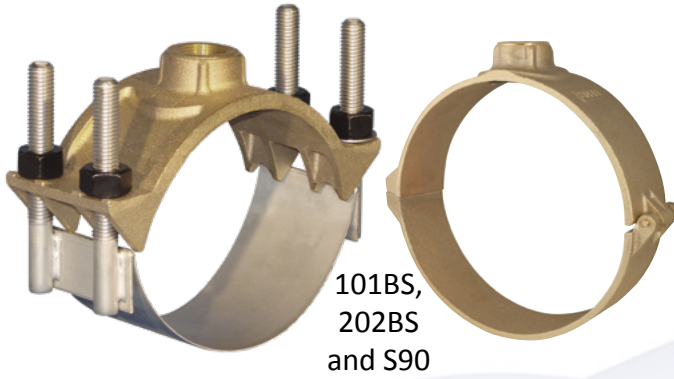

**Products for
Molecularly Oriented
PVC Pipe (PVCO-C909)**

BRASS SADDLES

Single and Double Bands Available

101BS,
202BS
and S90

STAINLESS STEEL SADDLES

FS313

DUCTILE IRON SADDLES

Single and Double Bands Available

FC101
and
FC202

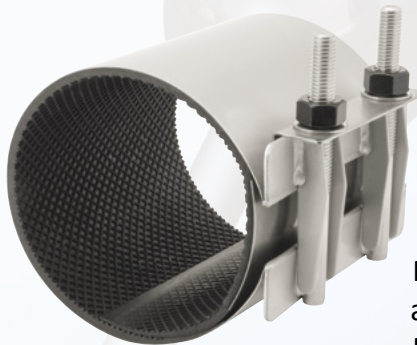

STAINLESS STEEL TAPPING SLEEVES

FAST Tapping
Sleeve

STAINLESS REPAIR CLAMPS

Single and Double Sections Available

FS1
and
FS2

RESTRAINED FLANGE ADAPTERS

RFAP

MJ FLANGE ADAPTERS

MJFA

RESTRAINED COUPLINGS

RCPP

COUPLINGS

FC2W

MJ COUPLINGS

MJC

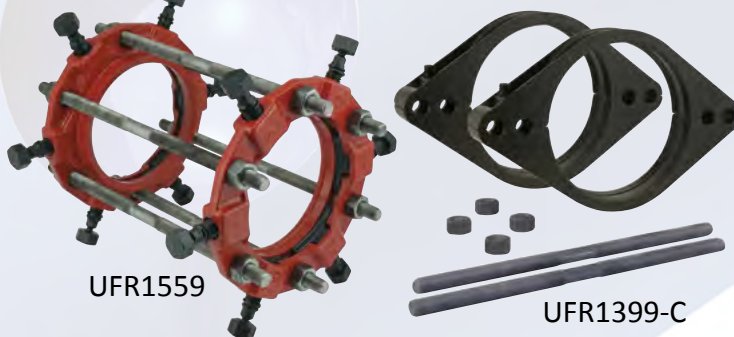

PIPE RESTRAINTS

Uni-Ring™

UFR1500

JOINT RESTRAINTS

UFR1559

UFR1399-C

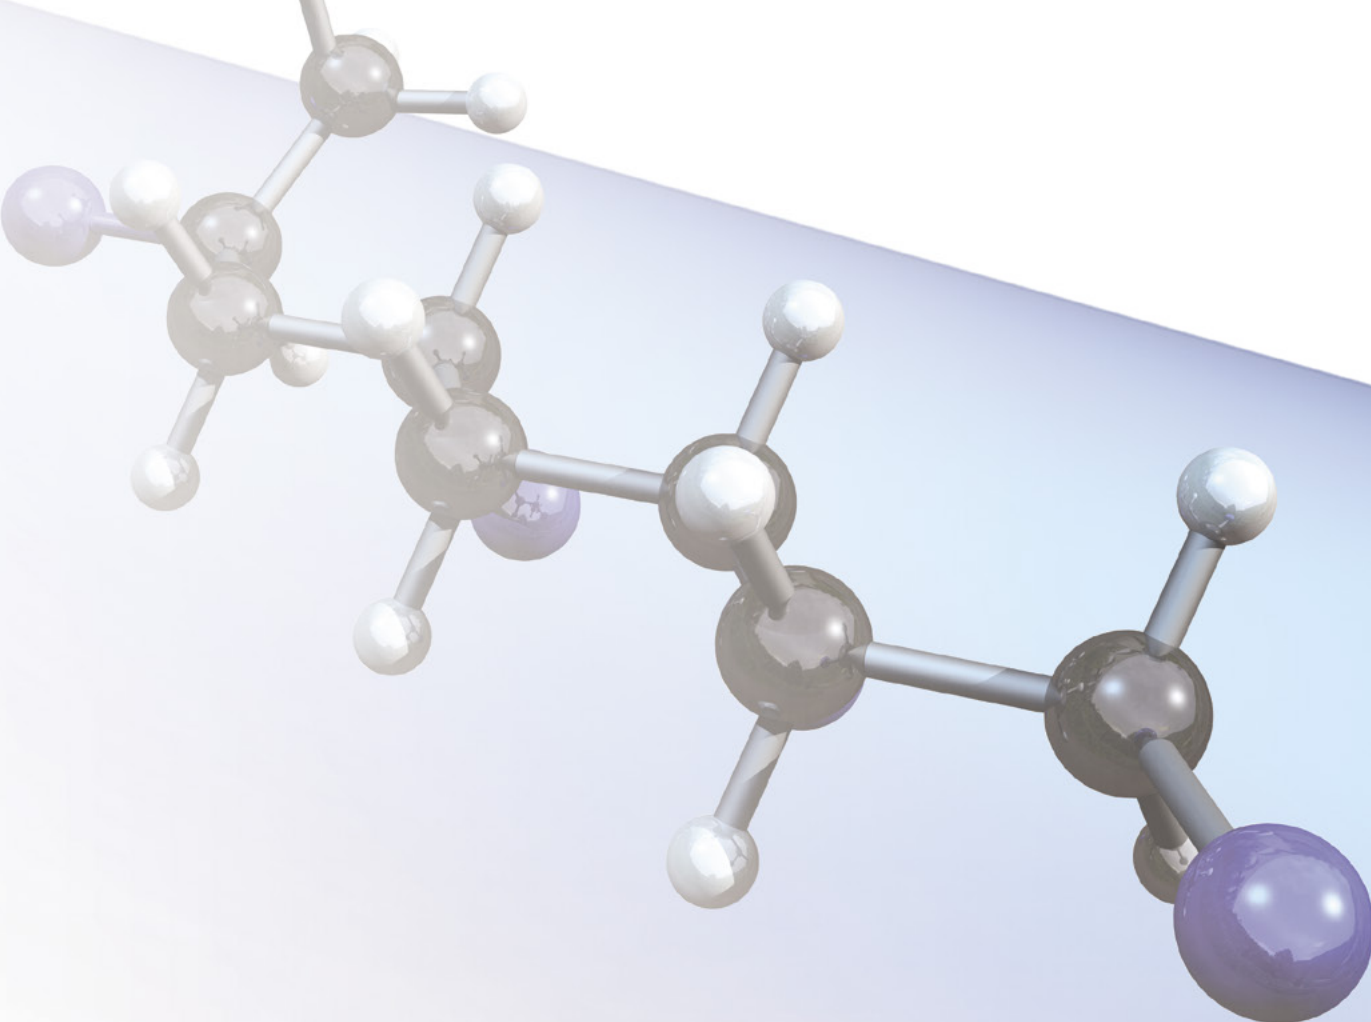

Ford Products Recommended for C909 Pipe

Ford offers the most comprehensive line of products for molecularly-oriented PVC pipe (PVCO).

The products illustrated are designed to fit PVCO and accommodate the unique characteristics of this pipe.

Ford offers a wide range of brass products for use on PVCO when installed with the appropriate pipe insert stiffeners.

All Ford PVCO - C909 products are tested to a minimum of 1-1/2 times the rated working pressure.

Molecularly Oriented PVC Pipe (per AWWA C909)

The process of orienting the molecules in PVCO pipe allows the pipe wall to be much thinner and more flexible than traditional PVC pressure pipe. The thin, flexible pipe walls that create a crush resistant pipe, also pose a challenge for many traditional PVC connections and fittings, thus Ford offers a separate series of products that offer better grip, hold and seal for many PVCO applications.

Ford offers many pipe products that can accept a range of outside diameters. It is critical, due to the flexibility of the pipe wall and the increased forces associated with expansion, to design products made to the specific OD of the PVCO to assure proper fit and seal.

NOTE: All Ford products identified for use on PVCO pipe have been tested to a minimum of 1-1/2 times the rated working pressure. Ford has no opinion as to the suitability of its products, or of their effect on PVCO pipe over the service lifetime of the pipe. Please consult the manufacturer of the C909 pipe concerning its long-term performance. Only products specifically identified for use on PVCO should be used on PVCO.

CAUTION: Products that are not recommended for PVCO pipe should not be used on PVCO.

PVCO-C909 Available Products

101BS	FC101	FUR	UFR1309
202BS	FC202	MJC	UFR1369
FAST	*FS1	MJFA	UFR1399-C
FC2W	*FS313	RCPP	UFR1500
		RFAP	UFR1559
