

The Meter Setter

It's Tough to Knock Out a **HEAVYWEIGHT**

Truly a wide range coupling, Ford's Ultra-Flex can join virtually any two pipes within a nominal size range. With a solid ductile iron construction and heavy-duty design, our FC2W Ultra-Flex coupling is designed to be long lasting while also having one of the highest pressure ratings in the industry. Rated for 350 psi through 12" and 250 psi on the 16", the Ultra-Flex is the heavyweight champion. And with some of the widest ranges in the industry, the FC2W can fit a broad range of pipe sizes without alternate end rings or gaskets.

If you're looking for a durable and high-pressure wide range coupling to go the distance, look no further than your local Ford Meter Box distributor.
