Combining over 125 years of plant team experience in the waterworks industry with our Uni-Flange® brand and breadth of pipe products, Ford Meter Box provides quality, excellence, and experience to our customers' Municipal & Industrial plant product needs around the globe.

Our dedicated plant team streamlines and manages the ordering of Ford products from initial inquiry to final delivery. Whether supporting our distributors through detailed specifications and multiple levels of product approvals, or assisting engineers with fabricated and engineered solutions to their piping challenges, our team focuses on making every step of the process seamless. With plant construction offering unique challenges, Ford offers peace of mind as a proven industry leader.

Customers can rest assured they receive unmatched quality and service. With a dedicated point of contact at treatmentplantinfo@fordmeterbox.com, a specialized team will focus on the custom solutions plant jobs require.
