FORD® CAST IRON CURB BOXES

This is to certify that all cast iron curb boxes, as furnished by The Ford Meter Box Company, Inc., meet all applicable standards of ASTM A48, Class 25.

The curb box consists of a cast iron lower section, a steel pipe upper section and a cast iron lid. The lid shall attach to the upper section with pipe threads. The upper and lower sections shall allow a 12" height adjustment for variable service line depths and shall be secured with a silicon bronze tension ring.

The finish for the lid, base, and upper section on boxes 7' or shorter is epoxy applied via an electro-coat (e-coat) process. For boxes 7.5' or taller, the upper section is coated with corrosion resistant black enamel.

The Ford Meter Box Company holds a certificate of registration to the International Standards Organization for the latest ISO 9001 Standard.
