## TO WHOM IT MAY CONCERN:

This is in response to your request for Safety Data Sheets (SDSs). OSHA's Hazard Communication Standard (HazCom), including the provisions related to SDSs, applies to hazardous chemicals. However, certain materials, such as articles, are not subject to the HazCom requirements, including the requirement to prepare an SDS found in 29 CFR 1910.1200 (g). The exemption for articles is found in 29 CFR 1910.1200(b)(6)(v) and the term "article" is defined in 29 CFR 1910.1200(c).

The products produced by The Ford Meter Box Company, including brass goods, meter setting equipment, cast iron covers, pipe repair products, tapping sleeves and restraint products, are classified as articles under HazCom. Therefore, SDSs are not required for any of these products.

We hope this answers your questions concerning our responsibilities under HazCom.

THE FORD METER BOX COMPANY, INC.

A handwritten signature in black ink, appearing to read "Todd A. Hodson".
