FEATURES

- Body, bands and threaded studs are made of type 304 stainless steel
- All welds are fully passivated for corrosion resistance
- Coined body for gasket retention
- NBR (Buna-N) rubber pad gasket per ASTM D2000 with raised compression seal
- Rated for working pressure equal to the lesser of pipe pressure rating or 150 psi
- Certified to ANSI/NSF Standard 61
- Belleville spring washers allow for limited pipe expansion and contraction
- 100% manufactured in the United States of America
