* Sleeve will accommodate AWWA pipe tolerances.

*** To order: Add flange size to the sleeve number. Example: A 4" flange on 24" steel pipe would be MJTSQ-2400-4. For MJ outlet, add "-MJ" to the catalog number. Example: MJTSQ-2400-4-MJ.

FEATURES

- Constructed of type 316 stainless steel
- Alignment pins to ensure proper assembly
- End seal gasket compression achieved by type 316 stainless steel compression rings
- End seal gasket "key-locked" for easy installation
- Rated to 305 psi. Not to exceed rating of the pipe
- Unique leverage bar sealing system eliminates the need for removing or modifying the side seal gasket during installation
